Road names

Zoning Designation Labels

The main interface shows a map of Mount Pleasant, South Carolina, with various zoning districts labeled (e.g., CC, R1, R4, LO, PI-1). A search bar at the top allows users to search by TMS #, address, or street name. On the left side, there are navigation controls for zooming in/out, returning to default extent, zooming to the user's location, and toggling full screen. A vertical toolbar on the left also includes buttons for layer/legend, filter, and zoning information. The map displays road names and zoning designation labels.

Filters

Overlay Districts

Overlay District Filter

Pick from drop down to filter.

Zoning

Zoning Filter

Pick from the drop down to filter.

The Filters panel is a vertical window on the right side of the map. It contains two sections: 'Overlay Districts' and 'Zoning'. Each section has a toggle switch and a dropdown menu for selecting a filter. The 'Overlay Districts' section is currently active, showing a dropdown menu with the text 'Pick from drop down to filter.'

The filter tool shows data by Overlay District, Zoning, Height or Flood Zone.

BOULEVARD OVERLAY DISTRICT

Zoning

RC-1 - Rural Conservation - 1

The Layer / Legend panel is a vertical window on the right side of the map. It lists various layers with checkboxes and icons. The 'Overlay Districts' layer is currently unchecked and circled in red. Below it, several overlay districts are listed with their respective symbols. The 'Zoning' layer is checked and circled in red. At the bottom, the 'RC-1 - Rural Conservation - 1' layer is listed with its symbol.

Layer/Legend shows the legend for each layer. You can also turn layers off and on by checking the box next to a layer

If you click the ... next to a layer name you have can change the way a layer is displayed in the map
